### **Lift Up and Rejoice**

*What I desire more than anything else for you as individuals to know who I am as your heavenly father. I desire for you to know that all things are possible through me and that I'm able to get into those places where you lack and supply that lack according to my riches in glory by Christ Jesus. So rejoice in an hour where it looks like things are not going to work for you financially; rejoice in a place where I able to bring about even as I do in the things of the physical; I'm able to do in the things of the financial saith the spirit of God; so lift up and rejoice in these things saith the Spirit, hallelujah.*
