***Be Exalted in My Presence***

*I have created you for this purpose that you would get to know me. When things become confusing in your life and entangled and ensnared with a lot of business of thought and the simplicity of life seems to be of something that is far distance; separated itself from you; simplicity, focus, the absolute, the absolute of all things comes in this that you stay on me and you stay in me, says the Spirit of the Lord. To know me and to walk with the firstborn in that place hand in hand, shoulder to shoulder not giving yourself over to the right or to the left in that is a promise of security in that is a promise not only does it bring intimacy but out of that intimacy is an absolute of everything that I am then you are because we walk together in agreement. Walk together with me in this agreement and see the expansion of your life take forward movement and forward progress. I desire to bring you into a place of exultation not as man would give you exultation, but I desire each and every single one of you in this building this morning to be exalted in my presence and to know me in a place in these final hours that no man or no substance can bring to you; so come to me; court me; walk with me; speak with me; have fellowship with me and I'll show you great and mighty things that you know not presently of, saith the Spirit of the Lord.*
