#### **I've Equipped You that You Might Walk with Me.**

*For it delights me when you gather together for the purpose of meeting with me and I get to take another step closer in my covering over all that I have offered. When you lift your hands and worship me this brings great delight for I'm all things and everywhere at once and I know what you're doing; yet your worship pleases me because to me it is your and my fellowship when you lift your hands and say I love you, you're my Father. Hallelujah Jesus. For the enemy by overwhelming you with feelings would like to bring you to a place where all the time that you feel like my presence is not with you, know this that's a lie; I'm with you whether you feel like it or not; the feeling like if part is on you, it's not on me; I'm there already for everything you need or will need. For I love the opportunities, the times that I get to speak to you to hear what I'd say. You're capable of much more than most of you are doing because you're moving ahead very slowly and trying to be careful. Listen my hand is on you. Be bold in my name and in my Scripture and walk out for me for I'm with you; I'm with you saith the Lord. When I find what I can do it with, I'll change things in the spirit to be the degree that you will know that it's been caused from things happening around here because these places will be covered with people being born again and the miracles will be of such that people will begin to take journeys to come, so don't stop, keep moving forward for the more you move forward and know the more you will know. Why would it, why would it, why wouldn't it not be this way? There are different callings, and when I have a calling that I send in that can tell you my mind why wouldn't I tell you my mind saith the Lord. I have things to say but I have to wait on different ministries in doing and saying things for people have different callings but when I can, I get these things over to you saith the Lord again. Did you know that I pulled you together because I wanted to say some of these things to you. You think mostly that this is of your doing much of this is of my doing saith the Lord. For when I find a place that will listen to me and at any cost do what I say, that's a place where I can begin the supernatural in such a way that it will be handled right when it explodes into full force; For one has this gift and another has that. Why wouldn't I use the gift at hand when I'm edifying my body and why wouldn't I take advantage of having a voice when some of you I've been wanting to talk to. For hear what I'd say. You don't breakthrough the rising of the flesh in stopping you off the trail that I put you on in the spirit of my praying. You don't overcome that and put it in its place it'll interfere with you and slowly try to gain the ascendancy over you instead of what I've called you to do; be bold step back into the prayer and make time so I can use you in what I'm about to bring to pass saith the Lord. For many have destroyed themselves through worry and self torment about the things in life that go by day by day, yet I've gave a peace and offered it and you can live in this peace because I'm the same yesterday today and forever and I am peace and I'm your strength; you don't have to walk like that rest, rest and you'll live long and testify of me saith the Lord. For when a person finds rest in me that's a good, good sign that you're receiving what you're standing for. When you find rest in me in the face of the adversity know that you're winning. For many have destroyed themselves through worry and self torment about the things in life that go by, day by day yet I've gave a peace and*

*offered it and you can live in this peace because I am the same yesterday, today and forever and I am peace and I'm your strength. You don't have to walk like that; rest, rest and you'll live long and testify of me saith the Lord. For many of you have come and you are looking for truth and it manifest in you for the ability to take another step into what you have or he has for you and to receive the giftings and anointings that come with that. For many of you will see you'll look up and rejoice because there's anointing that's available to those who will receive it, that I'll go with them into the public and into the places and do astounding miracles; these things I've been wanting to do and each generation I would love to do them but never find a people that will go that far; for as you know the time is getting shorter. You'll see greater and greater moves as more people see the signs and turn towards me and begins to free me more and more and more. There is going to be great times in these end days; so rejoice and don't be afraid just lift your hands and worship me. You see I'll see you through. Don't be afraid. For from the day of Pentecost when my church was founded on those principles yet the same way I moved in that day my desire is to move in the end times so you'll see these things increasing day by day. And it delights me saith the Lord to be able to let you know that in this region you're going to have a big part and a big outpouring of the Holy Spirit because you're on the trail. So rejoice for you will obey me; it looses me to reveal more things than I can in most places. For there's many here that you will do all that I say right through to the end and rejoice in it. For in my wisdom saith the Lord, I brought this language forward and I brought it forward so that I could come and have my say so and interpretations and in the language that I have to be able to step in and say things that I've wanted to say for most churches will live and close never understanding in anything I have for them in their whole duration. For many of you prayed and asked me to give you more and you looked up to me and wanted to excel in the spirit and in my power and in my giftings but I can say to you that some of the change that's being made, that you continue on in the change and make prayer a mandate in your life and I'll be able to begin to activate that kind of power that will follow you anywhere into the markets into the streets anywhere and it won't be a foolishness because those you prayed for will be healed. So don't weigh what you're doing by the title of your calling. Obey what he's given you to do for your part of a body a member in particular. Did I not say that these signs shall follow them that believe? You lay hands on the sick and the sick will recover and you'll cast out devils. He wasn't just pointing at the mighty chosen apostles and the mighty this and the mighty that. That's the instruction to a believer. I've equipped you that you might walk with me. That you might walk with me in the spirit and I've equipped you in such a way that you can pray my plan for you without even knowing what lies ahead. But I've done this for those who are hungry and that give themselves to me because they want to follow me. Yes Sir! He said what a marvelous thing when the Holy Spirit come and we created the language that's my plan for your life then prayed it out for you without evening you knowing what it was until you begin to receive it.*
