### **Power that I Left the Church**

*Have I not given you power over all the things of this world. Have I not raised up a people that I prophesied according to my word would lay hands on the sick for I gave commandment to do so; to lay hands on the sick and watch them recover; to cast out devils; to do greater and mighty works in my name. Did I not say that these works you'll do and greater because I go to the father. For I desire that the power that I left the church and the authority will continue to be manifest. For the world has not seen that; therefore the harvest is not come because there has not been enough power in my church to retain the harvest; once it comes. For a harvest of less than will only be a revolving door; it will only be seeds planted for the time being. You will find at times that men will make an application to the gospel only an appreciation but the revival that am calling to you and the harvest them I'm calling you to is one where power will be in the midst and men who will repent will truly turn from their wicked ways and follow me and serve me saith the Spirit of Grace. Continue to call on me for this and believe for the days are short and the time is near and the things that you have stood for you will see come to pass, saith the Spirit of Grace.*
