### **Call Upon Me**

*This is what I've been asking for from the very beginning that you'd call upon me. Some of you are getting a hold of this. You know what laboring behind closed doors will produce. So do not stop. Do not stop. Keep going forward. I've asked for this since the days of the apostles and I'm finally getting you close enough to where all things are possible to them that believe. saith the Spirit of Grace. Hallelujah Jesus.*
