Fear not for the Things that are Coming on the Earth

Fear not, fear not little flock. For in these last days I have gathered you together for a purpose. I've gathered you together for a purpose of which I've described in my word from the very beginning that I would raise up in the last days a church that would be steady and that would be strong. That would be washed with the power of my son's blood. Fear not for the things that are coming on the earth. For many will come and many will go; but those who stand strong in confession of their faith and not give up on the blood, there will no temptation take you that you'll not be more than willing and more than able to walk through. When I speak of temptation I'm speaking of those things that could press you far beyond your sorts. But you'll never be out of sorts in me. You'll be able to stand in these last days and live a testimony before the world that says; God is alive and the power of his son is alive in the earth. So lift up holy hands and let my cleansing come to you often and continually, and by the power of my son and by the power of my spirit I will wash and cleanse you continually. That the world may know that I have a church in the earth. That the world may know that there is a spotless bride waiting the coming of a spotless king. O, lift up holy hands hallelujah. We worship you Jesus.
