Press past and press in

For I have called this church, I have called this body to do something that I have asked all my church to do; that is to bring forth power in the earth that all men may see; that you would receive a revival. That in the last days I'll be able to pour out my Spirit. Bring about a great gathering of all those that I desire to harvest. Know that the time is short saith the Spirit of Grace; Much shorter than what you even realize. For all these things that are gathering on the earth that you're seeing; perils on every hand. I said they would come. I say unto you that in the midst of all of the terror that is coming I will pour out of my Spirit and I will bring forth in this last hour a great out pouring of my Spirit, saith the Lord; therefore I say unto you press in. Press past and press in. Press past and press in. Press past and press in. Press past all of that which the flesh wages against you; and the war in which the enemy comes at you with to fight daily. Press past and press in to that place which is the high calling; the place in which I'll come as your Lord and Redeemer and lavish my love upon you and cause you to stand up in this last hour, saith the Spirit of Grace.
