There is a Shifting and There is a Sifting

There's a change coming; saith the Spirit of Grace. I'm ordering this and I'm ordering that. I'm causing changes in the spirit realm and because of it and because of you're prayers and because you have desired that I would come like never before. There is a shifting and there is a sifting; A shifting in the spirit. I am desiring to take you from glory to glory. There is a sifting also. There is a purging process that I'm bringing forth in my body; but I desire to keep all of my sheep if I can. It is up to you. I'm asking you as intercessors to raise up a standard among your fellow brothers and sisters that they'll be able to take the shifting and that they will be able to take the sifting. If they can, if they'll allow me I'll come. I'll strengthen those weak parts of their life and those places that they've not allowed in the past for me to deal with. But I'm asking you the stronger ones and those of you that are spending time in prayer to lift these up and allow me to come and do what I desire to do. Saith the Spirit of Grace.
