Receive from this Well

I've married you into these other parts of the body that you would be bigger than yourself. For I raise up a strong, a strong foundation in this area to reach out into this world and preach this gospel and as I've raised up the foundation in this place, so I will raise up the foundation of many generations; for this generation is continued to pass on and will continue to pass to the next generation the revivalist that will stand in this hour, saith the Spirit of Grace. Do not take it as a light thing to reach out and to take confidence in these other ministries which are affirmed to you, but receive even as they receive from this well, receive there's, saith the Spirit of Grace.
