### **Don't Isolate Yourself**

*The peace that you feel in my presence is the confirmation of my love to your. It's the confirmation of my healing power on the inside. It's the cleansing, saith the Spirit of Grace. Know this that nothing is held against you, but I desire to heal you spirit, soul and body. I hold nothing against you but as a Father this presence brings forth a confirmation of my love to you. Every mistake of the past is gone. Let my presence continue to wash you. Let my presence continue to confirm to you my greatest desire which is to love you and confirm myself to you, saith the Spirit of Grace. I'm reaching out to you, saith the Spirit of Grace. To those ones isolated out there, come on in, come on in, saith the Spirit of Grace. Yield to me for I have something that only the Father can give. Only by the expression of my love will you ever be free, saith the Spirit of Grace. Humble yourself under the mighty hand of God that he may exalt you, that he may exalt you. My exultation is to lift you high above whatever it is that besets you. If I spared not my own son how shall I not with him freely give you all things? saith the Spirit of Grace. I gave the very best that Heaven had to offer to earth. He agreed to come. I agreed for him to go. It was a perfect agreement my spirit went with him. There's nothing that my love has afforded you that cannot bring you in and set you free. Don't isolate yourself. Don't allow the spirits of deception.*

Now he's talking to me through revelation. Yes Sir.

I don't know; we don't know how long it was before creation of man that the angels were created; the Bible doesn't say. It could've been a billion years. It could've been a trillion years, no time with God. But in our earth years it could've been billions of years that they existed. The only way we get any kind of look into what was and a pre-Genesis 1 snapshot is in Isaiah 14 and Ezekiel 28; it talks about his, Satan's downfall. I don't know if you know this or not but you should; But the greatest worshipper of Heaven, I mean the one that was right up there and sat on the front row. I mean couldn't get enough of God. He was once beautiful; so beautiful you would have loved him. You would've just loved to be in his presence because of how much he loved God. He wasn't the serpent then. His name was Lucifer. That name to us now means something ugly but then it was something so beautiful. They would have worship services like this. He would sit on the front row. His was a place consolidation of nothing but God, nothing but God. He found his existence in God and knew only throughout the millenniums a place, a presence; But something began to happen over time. God could not create evil so God had nothing to do with it but what God did was he created angels just like he created us with the will and in that will there's a will to whether or not you'll stay in, in that presence and allow yourself to incubate slowly, slowly, slowly. Lucifer found himself over periods of time; I don't know how much time that was; it could've been thousands of years; it could have been hundreds of years. He found himself slowly isolating himself. Spiritually speaking,

sitting further back and further back and further back in the congregation. He was still in the worship service but there was something inside of him that was isolating himself and he began to see God in a totally different picture. He began to see the ones that were worshipping him as in an alienated family. He couldn't quite see what they saw in worship. Why was it so, so wonderful to them? Although in times gone by he'd felt what they felt. But as things continued to diminish he was still in the worship service but he sat further and further and further back. Isolation became the biggest part of who he was.

*This has destroyed many in my church. For most part people begin to address it and war with their own minds against it and trying to figure out what are the physical academics of the reason why. But I say unto you it is a spirit. The same spirit, the same mindset that originated with the original fall comes along with that. When people gather people around them to try to supplement their isolation through their own thoughts and processes, they give themselves no ability to walk free; but know this that in this presence all those who hold, hold to my presence, I, like a Father as I said as Jesus said concerning me. I have desired to gather you as a hen with her brood and bring you under my wings. I desire to bring for the nourishment. I desire, saith the Spirit of Grace. I desire to suckle you as a mother would her babe. I desire to feed you the sincere milk of the word. Don't allow yourself; Fight with every fiber of your being every time he shows up to bring forth isolation. The unity that comes in praise and worship brings forth the absolute of my mind for you. I have established you upon my word and I heal you always in my presence. Hallelujah!*
