Must be Birthed in Prayer

Haven't I spoke to you as a body from the very beginning of your conception that it was prayer, prayer, prayer that would birth this outpouring, saith the Spirit of Grace. I came to you and all who accepted a part in this with a petition to birth something. It will not be burned by might and it will not be birthed by power but it will be birthed by my spirit, saith the Spirit of Grace. Therefore I give a call out to my intercessors; for my intercessors are my generals in these last days. That which must be birthed it will be birthed in the spirit, saith the Spirit of Grace. For as I have commissioned this house and all the elders and everything that flows down from the top to the very bottom. That the message of prayer; that the message of praying in other tongues by my spirit that gives the utterance; would you speak the mysteries until there comes a place that the authority that I left from the beginning is birthed again in fullness; thy kingdom come, thy will be done, saith the Spirit of Grace. For no other path will bring this about. My intercessors are my generals in these last days; those who bow the knees of their heart and spend time in worship and in prayer and in speaking the mysteries. For nothing will disband the war machine in the enemy like prayer. Nothing will disband this fight against the church like the intercessory prayer of my intercessors, saith the Spirit of Grace. Male and female young and old, I have called you to bring this forth. My men that are real men in this hour; manly men will be those who will stand up in prayer, saith the Spirit of Grace. The backbone that I desired to give you and stand in these last days will not be by any other means except which you birthed through the character of prayer, saith the Spirit of Grace. Take an example from the first begotten for even as he was born into this earth with a nature that is now like yours, perfect; Born of the Father but he himself never existed on this planet even in that state without constant and continual communion with the Father for his life was a life of prayer. He was not self-existence in himself but he existed in me, saith the Spirit of Grace. He existed in me as me being the Father. Set yourself, set your heart aside. I will help you in all your endeavors and in all your busyness but this thing must be birthed in prayer.
