### **Prophecy060723 – Jul 23, 2006 If You Know How to Abide in Me**

God is in these things. See and understand that even as I made invitation to you and you responded as a body, know that those who fellowship with Me and sincerely desire the meat of My Word, they will abide in a place where they will not only receive for themselves—for this is only the entry level.

I desire to do these things among you on a continual basis, not just in this place, but that you may bring them to this place and that they may know by the sound of your voice, there is an absoluteness inside of you that I am a God who will always come and One who will always show up and who will always do the things that I am asked to do if you know how to abide in Me, says the Spirit of Grace.
