There is Protection Under My Covering

Editor's Note: The following was after a teaching concerning the scourging post.

The Lord said, Yes, son, remind them of this. Know this, that is of your Father's utmost intent both to will and to do His good pleasure. For when I said that I force no man to this place, and behind that understanding there is no malice on My part, only the understanding is a place that I gently want for all of My children to be brought to by My strength and by My Spirit and by the will of My purpose inside of you, says the Spirit of Grace.

Know this, that there is a protection under My covering. And all those who come in faith to this place before, during, and after, I will not only work the work of grace inside of you, but I will shield you from those things in which the enemy would love to accomplish to detour you and to cause you to say, "This does not work; I won't do it again; it's not happening." Know this, that I will shield you in this place, and it will be a place of surety and security and safety, says the Spirit of Grace.
