Prophecy090322c – Mar 22, 2009 Spirit of Prophecy

The spirit of prophecy is one of the strongest parts of your service and of your life, for even the simple gift which comes to the believer is not the pronounced call of the prophet but is the simple gift given by the Spirit as He wills. For any of you who covet these kinds of things know that the profitability of it is far more reaching. It is not just for corporate times of worship, but you will find that kind of anointing coming on you to prophecy the mind of Christ to the individual that you witness to in the way, says the Spirit of Grace.

As I said, when they come together, each one has a psalm, a hymn, a prophetic word, a tongue, an interpretation, a doctrine. Know this, that as I said, as those who come in your midst, and you prophecy one by one, if all spoke in tongues, then those who were without coming in would think that you were mad and had no ability to communicate with God or one with another. But you will find this, that as the spirit of prophecy works in these last days, stronger and stronger and stronger, those who come in who have been of a different persuasion, who love Me but have not been under the same teaching, the same training, I don't condemn that, says the Lord, but they will not understand initially what they see and what they hear and what they feel. And to begin with, many times, they will come in and think it strange, until they find out that something begins to grow on them, that being My Spirit overtaking their spirit beginning to bring peace to their mind whereby I bring a witness to their heart that surely I am in the house.

For Me being a testimony to them that I am in this house is not that I glorify you or some work that you are doing for Me, but rather that they may know that the words they hear are spirit and that they are life, says the Spirit of Grace, whereby I may continue to guide their hearts with confidence. They will receive the things that you say and that I say through you, so covet earnestly the best gifts. And I say to you, desire to be moved upon by My Spirit and prophecy the exact mind of Christ so intricately that it explains the very thoughts of their hearts, whereby they lift up holy hands and cry, "God is in this place," says the Spirit of Grace.
