### **Prophecy090422a – Apr 22, 2009 Corporate Anointing**

Know this, says the Spirit of the Lord, the day is coming and now is that you will be spending as much time together as you are apart. You will be spending as much time together in corporate worship as you do in private worship.

Know this, that even as there are things that can only be accomplished in your private settings, there are also things of My anointing that can only be accomplished in corporate anointing, says the Spirit of Grace. And as I said in My Word that the streams make glad, this river makes glad the city of our God. Know this, that you are part of that river, and your coming together produces a river that makes glad and produces My glory, and brings to pass My will in the corporate, says the Lord.

When you gather together, it is well pleasing to Me, and I can accomplish in these hours what it might take you many, many hours of yourself to accomplish, says the Spirit of Grace.
