## **Great Communion**

He is speaking on this wise, this is interpretation. It's no accident that these are coming, He's prophesying hunger. He said that hunger, the supernatural kind that comes out of a place of unrest. It's different then when Satan comes, it brings some level of torment and fear. But the kind of stirring that I do, saith the Spirit of Grace, is the kind that will not, let you be comfortable with status quo.

You can't find a rest in the nest. So, because of the uncomfortable feeling is My Spirit sparing you and saying come up higher. Come up higher there's another place of glory and rest. Communion, saith the Spirit of Grace. For I desire for all those who would come up higher, know this kind of hunger. For it is, he said the prerequisite is the beginning the Firestarter for things that cause other things to change and go from a place of mediocre to a place where God rages reigns and rages with a great fire in the house.

So, know this, to those of you that find that place even a tickle down inside of your spirit. These are the days that I spoke of Joel that I said I would pour out My Spirit upon all flesh and it is very, very peculiar thing, says the Spirit of Grace because you'll be standing beside and be beside others that don't seem to carry your saying rate of concern and desire, and it'll almost seem to them and to you that it's strange that you want to make so much of trying to go into God when it seems like just be comfortable and go at an even pace, they seem to say.

But, know this, I've offered in this last day a place of great communion and authority, and I've offered this to the hunger, to the hungry, saith the Spirit of Grace. So, allow me, allow me to begin to impregnate a place deep down inside of your spirit. These places of yearning that will not go away, saith the Spirit of Grace.
