### **Prophecy090503a – May 3, 2009 Perfect Love**

He's speaking words like this to my spirit: The greatest privilege that we have in Him is to yield ourselves over, learn in the classroom of the Holy Spirit.

Did I not say that perfect love cast out fear? Fear has torment, but My love is that perfect kind imputed in you from the very beginning and brought forward by My Spirit.

Know this, that it is not based on what you can do for Me but what I have done for you, says the Spirit of Grace. Wherein have we loved Him that He first loved us, says the Spirit of Grace. So yield, learn this: that the greatest privilege that you have is to yield yourself and your members over to My goodness, says the Spirit of Grace.
