The Way of Choice

Selah! Stop and think of these things that I have just said saith the Spirit of Grace. Let them sink down into your spirit. Understand this, that this way is a way of choice and all those who choose Me choose life but you must pursue Me saith the Spirit of Grace and you must ask with all diligence, with all and continual diligence to have My ear and to hear My words and to hear not just these things that are spoken to you by a man from a pulpit but more importantly the things that I say about what is said and the things that I speak to you on a personal basis on the day in and day out's of your life saith the Spirit of Grace. So take these things and place them deep. Hold to them and I will hold to you saith the Spirit of Grace. Hallelujah!
