My Job Is to Bring You into Peace

(Tongues...) It is My job...it is My employment saith the Spirit of Grace to comfort you and to bring you into all peace, to lay you down and to raise you up. It is My job to change your mind and your thinking about your situations and about your circumstances and even the way that you see yourself saith the Spirit of Grace. So receive of Me and relax and relax and let the journey be one of sweetness and peace saith the Spirit of Grace. Hallelujah! Hallelujah! Hallelujah Jesus! allelujah!
