I - Love - You

When you sing to Me, I sing right back to you. As you sing to Me and as you worship Me, I – Love – you! I send My love to you. And I love when you come and be in My presence. I love it when you tell Me how you love Me, and I am saying back to you my bride that I-love-you and I love to spend time with you. Oh, how I love you, if you could only know how much your groom loves you. I love you; I am longing for you; I am longing to come and bring you home with me. I love you. I love you, says the Lord. Hallelujah! Thank You Jesus!
