### **Prophecy100822f – Aug 22, 2010 There Is a Birthing Process**

Truly, truly, truly, more than you know, when your heart or mind is the first line of interception and defense and birthing, says the Spirit of Grace, for that which is birthed in the natural is natural, but that which is birthed in the Spirit is Spirit. So know this, that even as I desire to use them [women intercessors], I desire to use you.

He said, I did this as an example before you that as the women give birth in the natural, so they will give birth in the Spirit, but that wasn't [meant] for them to be the only ones. It was just to say that there is a birthing process to take place among My men, says the Spirit of Grace. Upon all these, upon all My men who will receive the call and the inception of grace on their life, know this, that I desire to come to you.
