## **Prophecy110814a – Aug 14, 2011 The Golf Course Community Church Has Failed**

I am going to change, He said, your whole way of thinking in these last days, for I am drawing you apart. But be of good courage, there are many more whom I am sanctifying on the earth to know this place in Me. For religion has failed. The “golf course community” church has failed, says the Spirit of Grace. The “community club” church has failed, says the Spirit of Grace.

Those things which man ordained and set into effect will never work, but once again, hunger is touching My Body worldwide, and know this, those who have ears to hear will hear what the Spirit says. And when I have brought forth this Bride, then I will put forth the Bridegroom, says the Spirit of the Father, and He will come and blow on the earth, and all those who hear His voice will be made to come together as one, says the Spirit of Grace.
