I Am Your Father

Let these words in the song be prophetic to you and understand this: these things will guide you on your way, and they'll help you find, if you understand who I am as a Father, says the Spirit of Grace. Understand this, that when I created Adam, I was not, I was not trying to create an army or a soldier. Because of the fall came your individual calls and a necessity to call in an army to fight to the end. But know this, that what I desired from the very beginning was family, says the Spirit of Grace. And I am unto you first and foremost above all other things, I am your Father.

I am your Father, so get to know Me as your Father. Know Me. I desire to bring you into fellowship and to cause you to know the casual—the casual and the comfortable way that I desire to fellowship with you on a continual basis. Set aside, set aside your appointed times and I will visit you, but know: do not make these things hard.

Do not make these things of a rigid place according to the strength of the flesh, but allow Me through My grace to bring you in, and know that I desire always to develop in you and cause you to always have an understanding and a mentality that says, "I'm always in the Father, and I'm always fellowshiping with Him because this is who I am," says the Spirit of Grace.
