### **Breathe This Name**

*For I gave you this name to speak, to speak over all things and take dominion saith the Spirit of Grace. For understand this it is it is to the one who speaks that know me. For many speak that name and that name has no power on their lips but for the one who knows Me, the one who's been filled with My Spirit, has an understanding, knows that all things are possible through that name saith the Spirit of Grace. For I'll come if you'll breathe this name over your family and I'll come if you'll breathe this name over all your circumstances. For one thing that My church in the beginning had was an understanding of the simplicity of the power that was in this name. So continue to speak this name and believe that I will honor that name that is the name above all names. Hallelujah, Hallelujah Jesus.*
