While You're on This Journey Have a Good Time

Say to them to continue in the things that they know. Do not strive but wait patiently for me saith the Spirit of Grace. I will promote you and I will bring you forward for the promotion that you need is the exultation from out of the things of the flesh that are guarding places where the enemy is trying to keep up but, know this, these things cannot stay and while you're on this journey have a good time have a good time saith the Spirit of Grace. Hallelujah
