### **Relaxation Anointing**

*What is it Father? He said this is what he wants; he wants you to go out of here so relaxed. This is a relaxation anointing. This is the lifting of anxieties, fears. What is it that I cannot do for you saith the Spirit of Grace? What is it? I can change all things. I can remove all things. I can restore all things. I can put back together all things. Believe me. I hear the Lord saying this, would you for right now and for the next little season of your life after go, receiving this, this morning, would you just not even try to figure out or imagine, like especially imagine how he could fix this, cause the Lord says you're limiting me; I have so many different ways cause I am God; just don't limit, but believe that I will come and your miracle is here but first receive my assurance as your Father saith the Spirit of Grace.*
