### **You Can Have All of Me**

*You can have; you can have; you can have all of me that you want. You can have; you can have all of me that you want. It's just you coming into me. It's you receiving all of me. It's you receiving all I have for you. I have so much. I have all the peace that you need. I am all provision you need. I am healing. I am everything you need. It's just you coming into me and receiving all I have, because it's freely given. I gave it through my son's life. It's freely, freely, freely given unto you; just take all that I have for you; receive it; just receive it in. Oh hallelujah Jesus, thank you Jesus.*
