### **The meaning of Life**

*This is the basis of all things of which all things are fueled by, flamed by and brought up. And your own life and the most intimate of places in your life; the things that mean the most to you, about who you are personally. The things that you desire most; the things that you desire most to overcome and become. All things are fueled by this one place, intimacy with me, coming into my presence. This I say unto you, that beyond these walls and out of this place that you provide for me those moments in time for separation for all of you it is different and for all of you it's different times in different expanse of time. But know this from this place is the meaning of life. From this one simple place is the meaning of life. You can't bring it down or boil it down or fashion it down any more basic than understanding that contact with me and coming to a place of knowing me fuels all life, saith the Spirit of Grace. All success is in this, all deliverance and all walking past. Did I not say that Heaven and Earth would pass away but my word would always remain? That meant against all things that everything around you and every test, every trial has a shelf life, saith the Spirit of Grace. Everything will come to an end. Everything will come to an end if you apply my word and stand fast in my word. Even the most enduring trials will come to an end, saith the Spirit of Grace. But my word will never pass away. You can outlast anything through patience and through hope and through love and the foundation of my word. Stand fast in me. Did I not say that every test, trial and tribulation that I would make a way of escape that you may be able to go past it and get past it and go through it, saith the Spirit of Grace?*

*But many search for answers. Many books are written trying to get people, trying to figure out another angle this way, that way and many things of the mind. The mind can come up with every kind of do riveted of truth. Many of them have splinters of truth but this one thing that the foundation of life that you meet with me, that you may know me through my spirit in my word. And if these things are provided your life will be provided for. Things will fix itself. Things will fix themselves beyond your knowledge, saith the Spirit of Grace. Pay this price. Give no excuse why not. You will find the absolute success behind it, saith the Spirit of Grace.*
