Admonishing not to Look to the Right or the Left!

Because of the sovereignty of my love men write about, sing about, minister and teach about my sovereignty and few understand it. Few things that people say about my sovereignty are actually true according to my word but one thing that is true is that I am sovereign love. Meaning that I am the fullness of love and there is nothing beyond me that defines love except my being who I am, saith the Spirit of Grace.

When I said that God so loved the world, I meant that he loved the world. That he would give his only begotten son. I cannot love them any less then I love you. My love for them is as great as for my children inside. My love is something in that. I love those on the outside and those on the inside with the same love. That love is perfect love and that love in itself cannot increase. But understand this that I am also a God of pleasure and even though my love cannot be increased, my pleasure can continually be increased, saith the Spirit of Grace.

I am pleased with those who walk in. I am pleased with those who search my word. I say these things for your understanding so that you understand and walk stronger in the earth than you ever have. You cannot of yourself know the report but I give you a report saith the Spirit of Grace for I see the earth and I see all mankind and I see my church.

For even in the church, for even in the church that understands the foundation of the doctrine of salvation and the blood that brings forth salvation unto mankind and repentance unto that blood. Even to those who've come in that is the starting place and to that there's a small minority of the earth; though there be millions and millions still a small minority, but among those, among those who understand this in the earth and those who stand in that foundation even so there is a much smaller minority that understand the one who has come that I said would lead and guide you into all truth.

Very few in my church understand that and then among those who are in the kingdom of God who understand and then do and begin to practice with the application of praying in other tongues, this narrows it down to a very, very small, very small minority. You're among that minority, saith the Spirit of Grace. But I say your minority stands out with great strength. That in this is that, though my love cannot increase, my pleasure increases.

To anyone who finds this place by my grace and deliberately goes in but know this that you're in that one percentile that understand and then do. So I'm saying to you, I'm saying to you increase in these things and also as you increase know my pleasure, know my pleasure. For those who are in the church, very few know the reason why he's come or that he's even come and beyond that very few even practice what you among this church and others like it are actually doing. When I said one percentile, I said that to capture a place in your mind; that is not necessarily the exact number but I want you to understand how few there are and how pleased the increasing of my desire is towards you to let you know I am pleased.

Stay on this path. Stay on this path and I'll also say to you, saith the Spirit of Grace, that even though there will be other camps that will come to the same conclusion of what you call a renewal of the kingdom or revival. If they do come to that conclusion they will have gone through the same path that you go through, there is no other way. It must be through the power of my spirit and my word. These two agree and there will be no other way.

It will not be through the doctrines of man; it will not be through a flash in the pan; it will not be through personalities; it will not be through great worship choirs; it will not be orchestrated through the things in which man can orchestrate. This renewal of the kingdom will only come through the power of my spirit. Therefore I say unto you not only am I pleased with you but I also admonish you to say this; do not look to any other camps. Do not look to; they have nothing that will add to what you are already doing and where you're going, saith the Spirit of Grace. Look no other place. It's futile; a waste of time and unsound for you to look to any other place. Keep going straight forward.

Glory to God! Wow! My God! You know I can't say that kind of stuff! Jesus we worship you. We glorify you. What confidence you give us and thank you for this hug in the spirit. Thank you for this hug of pleasure but also the admonishing not to look to the right or the left! Thank you, Jesus.
