### **Bring forth My Dominion in Your Life**

*This honor hath all His saints, saith the Spirit of Grace, to bind their Kings chains and their Nobles with fetters of iron. This honor hath all his saints. Do not wait for me to bring forth dominion in your life. It's not given to me as the Spirit of Truth to bring forth dominion in your life. It's given to you to bring forth my dominion in your life. You're the one with the authority to execute. You're the one to bring forth in dominion. I'm waiting on you. Upon your exercise, upon your execution I bring forth into this planet. Bring forth much fruit in this service. Set your affections upon me. Counteract everything that Satan is trying to do to distract and to bring forth any distraction against your heart and your mind. Now is the time to set apart. Now is the time to set apart and to bring into effect. You are the one who does that. I follow you. I follow your execution of grace with strength, saith the Spirit of Grace.*
