### **You'll Die for This Truth**

*Many of you are approaching a point of no return. Your faith is coming to a place of maturity. That you'll die; you'll die for this truth even if you never saw it in your life. Your determination is so strong inside of you that you're coming to a resolve that if you never see the things in this life that you hold to be things of faith; if you never saw them come to full maturity, you're willing to die believing in this truth, saith the Spirit of Grace, and I say unto you, to those who make this kind of stand that I come speedily. I come speedily. You'll not only see these things in your life but you will enjoy many years on the other side of the test and trials that you're in presently. Many years you'll see and you'll see the posterity of the fruit of your labor to generation after generation before you go home, saith the Spirit of Grace. To, he who is willing to stand forever, the answer comes overnight, saith the Spirit of Grace.*
