### **My Posture is always Toward You**

*For I say unto you, that even though I have provided for and taught through example in my word and my commands were for you to lay hands on the sick and watch them recover. Know this to my army to my church know that what is inside of you has been provided already. It is not necessary for you to wait for a moment in time. It's not necessary for you to wait for someone to come and pray for you or someone to lay their hands on you; although this is a truth and to be mostly used by the church in their exercise to the ministry to the world. Know this that your table is always, your table is present tense. Your table is at the moment of need. Stand and receive always, saith the Spirit of Grace. Why, why would you continue to allow the blame of yourself to stand between you and your healing, saith the Spirit of Grace? Almost everything in this life that is detrimental comes about by someone's own fault or by something passed along to them genetically; or Satan comes to stir up and to take advantage of human weaknesses. But know this that the moment that you believe in what I've done for you I'm not standing back. I'm not standing back, withholding, because of the faults and failures or of the way that you've even treated your body in the past. Receive life. There is a law of sowing and reaping and if you go on past healing you can always turn healing back into, back into the detriment of the body. But know this I am more than willing, ready and able. I am poised. My posture is always toward you. Receive life. Receive my healing power. Receive that which has already been provided for, for you, saith the Spirit of Grace.*
