#### **Divorce You from Care**

*I bring you into this place as a way of escape for truly that is provided for you on a daily basis through your own personal walk into me; prayer time, word time, those things that you can set aside. You can escape into the glory of my presence, be washed, be ministered to and be lifted up, only in a few moments time that you spend. But for many that place is nonexistent for many who know but do not do, they lack either understanding or yet are in direct disobedience to instruction to follow me in my word or to follow me in prayer; yet I am merciful, loving, kind and generous and I provide these atmospheres and I provide my presence by those who create it; who are walking into that place and for others who are not; it is a gift of God an overflow to bring forth an escape and to bring forth and to create a hunger; it's always from my presence a solicitation to come into me, saith the Spirit of Grace. For if you come into me. I will divorce you from care and from fear. I'll divorce you from self-exultation which is pride which will not allow you to hear words of truth and will abandon wisdom. I'll cause you through my grace to humble yourself and consider yourself only to be teachable to be able to escape the time ahead. So bring forth worship at these times; allow me and humble yourself in my presence for I desire to exalt you.*
