Prophetic Vision

Prophecy200119 – January 19th, 2020

When we were worshipping here these last few minutes, I saw the Lord come in. And I saw people in wheelchairs, I saw people that were being healed and touched and limbs growing and leaving their wheelchairs and leaving their crutches, leaving their false prosthetics. Because Jesus just came in and healed; He came in and He just moved through the people and healed the people.
