The Formidable Force of Peace

Prophecy210203 – February 3, 2021

For I have provided a place for you that comes out of My presence, and your place is to be in My presence, both here and there privately. But My peace that passes all understanding is that which I said that your feet should be shod with the preparation of the gospel of peace; that My peace should lead you in and out of all things. For it's My peace that comes out of My presence that'll saturate you in these days, and cause you to be a formidable force that must be reckoned with in the earth. [It is] a devouring force that will cause you to go out against all opposition.

Know this, that My peace will heal your body. Know this, that anxiety to no degree can stay where My peace begins to saturate you through My presence, says the Spirit of Grace. My peace adds faith to your confession. My peace is not passive, it is aggressive in taking on every obstacle and mountain in your life. Did I not say, "Seek peace and pursue it?" For I desire that all of Mine enter into that place where peace governs your life, it governs every part of your day, and it governs every part of your thought life, says the Spirit of Grace. Labor fervently. Seek after and pursue that place. For in that place lives all miracles. In that place lives all understanding, and all questions are answered that pertain to the petitions of your heart before Me, says the Spirit of the Lord.

No one will know Me secondhand and enter into the fullness of that peace. No matter what you hear about Me or what others preach or teach about Me that is truth, unless you participate with Me in that place of engaging in intimacy, you'll never know the strength of the peace imparted through that place of presence, says the Spirit of the Lord. So do yourself an extreme favor. Seek that place above all things, to enter into that firsthand experience – not through someone else, not through someone else's encouragement, not even through teaching that is truth, but yet you do not participate by taking the time to enter into the intimacy that teaching portrays. Engage in Me. Embrace Me. For in all these things cometh the strength of My Spirit upon the Church, says the Spirit of the Lord.
