In the Stillness, I Am There

Prophecy220206c – February 6, 2022

You see, I am downloading and uploading in the spirit. I want you to have times just like this, sitting in silence, basking in My presence. Shut off the mind, and receive what My Spirit is doing in you and then what I will be able to do through you. So rest in Me. In the stillness, I am there. In the quietness, I am there. So think it not strange to have these quiet times, for I'm doing a work and I'm moving, and you will see it come forth. But spend the time quietly, basking in My presence.
