Take the Right in the “Y”

Prophecy240630 – June 30, 2024

Many watching and many here are on a crossroads; there's a “Y.” You're coming closer and closer to decision makings. Some will make the right choice and some others [will not]. By reason of My sovereignty, I can see your future. One road is to choose a life of laying down your life. The other one is another one of subtlety that says, “I can do this and still lay down my life.” And you'll find out that the further that you go on that road, the more you'll be separated from the truth.

I'm not seeing those that I'm describing as winding up in hell. I'm describing you walking in a self-fulfilled indulgence life where everything circumvents around you, and you still call yourself being blessed of the Lord and yet, consuming your own life by your life. But I'm offering you a better choice. Take the “Y.” Take the right in the “Y.” Because you'll find out that the further you go, the more that I'll come and lavish Myself upon you in presence. And your desires will be to know Me more than you desire to know the world or any blessing that is of the world, says the Spirit of Grace. And by the way, you'll find that if you'll take the right in the “Y,” that you'll end up among many that chose right to be thoroughly blessed in this life.

But the choices are very, very subtle and very disguising, I hear the Lord say. Very disguising. You won't have the ability in your smarts to make the decisions that I'm describing presently. You won't even have the ability, being a good person, to make these decisions. The only inoculation that you'll have against taking the left in the fork? You must spend avid hours praying in the Holy Ghost. He is your inoculation against self-deception, even that which won't cause you to wind up in jeopardy of hell. But you'll be ten degrees off, twenty degrees off and still think that you're right where you need to be.

So, spend the hours, whether privately or going down the road of life, praying much in the Holy Ghost, says the Spirit of Grace.
