The Foundation Will Bring the Harvest

Prophecy250119 – January 19, 2025

You'll find out that I'll begin to drop back and bring up the Harvest. You'll begin to see more and more services where I drop back into foundation and bring forward the Harvest. More and more of your services and even the word coming forth by My instructors will be more and more, once again, on an evangelistic level, and a foundational level, and baptismal level. For I desire this Harvest. And those of you that have come forward, this is your finest hour to labor in the spirit to see these things established.

So, watch your services as they turn into evangelistic services, and foundational teaching services, and baptisms of My Spirit that'll harvest the lost and bring them into this army, this last-day army, says the Spirit of Grace.
