Come to the Secret Place

Prophecy250323 – March 23, 2025

I love, I love, I love, I love to manifest Myself to you. For it's when you come in that secret place, when you come in the secret place, we commune, and you can know My presence like never before. Just come to that secret place and just love on Me and let Me love on you, and just see what I will do in your life and through your life as you spend time in My presence and worship Me.
